A FINAL CONSIDERATION (already in 2015)

"A society without ethics or with serious shortcomings of ethical principles is proving itself in the 2000s, without an amalgam of a «glue» , that helps everyone to support personal and collective efforts towards the achievement of shared social and economic objectives for the improvement of the common good. PROTECTION OF CREATION

Let us feel involved and responsible in taking care of creation with heart through prayer and commitment.

God, "lover of life" (Wis 11,26), give us the courage to do good without waiting for others to start, without waiting for it to be too late.

Pope Francesco, dal Vaticano, 1° settembre 2019: GIORNATA MONDIALE DI PREGHIERA PER LA CURA DEL CREATO

Papa Francesco

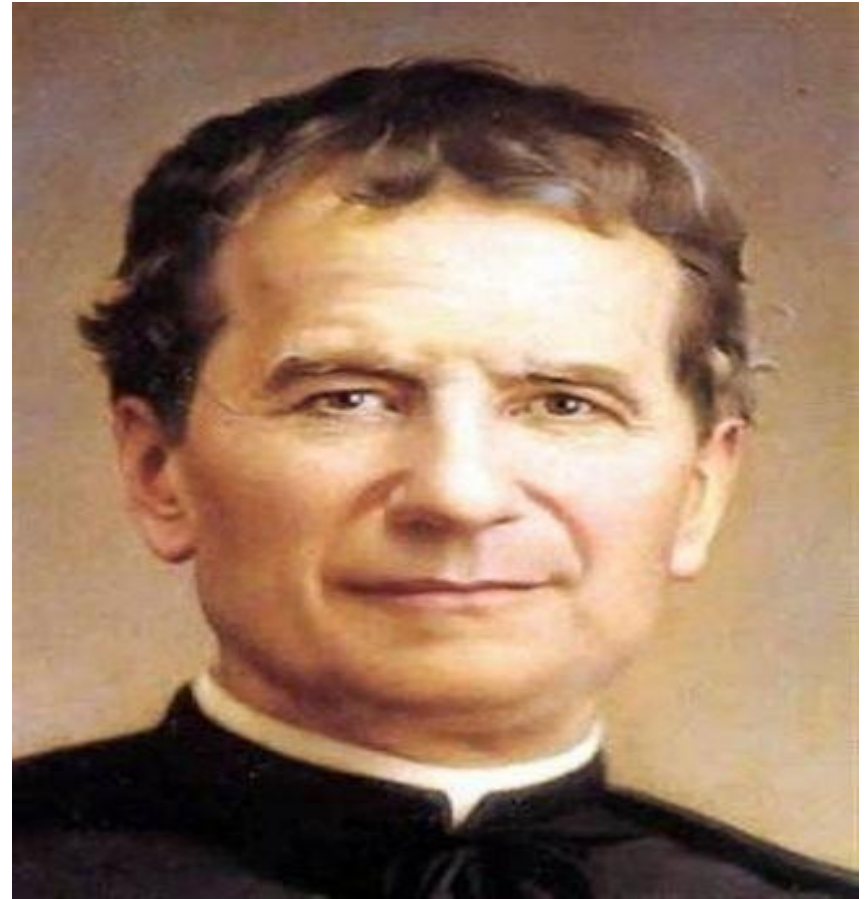

Sentiamoci coinvolti e responsabili nel prendere a cuore, con la preghiera e con l'impegno, la cura del creato. Dio, «amante della vita» (Sap 11,26), ci dia il coraggio di operare il bene senza aspettare che siano altri a iniziare, senza aspettare che sia troppo tardi
